## About This Content

With hissing of escaped steam and clanging of pipes and gears, the Steampunk Town is ready for exploration and adventure!

A masterful blend of classic prim Victorian style and heavy machinery, Steampunk is a beloved genre that is bound to make your players curious and amazed. Combining stone with iron and gears, Steampunk Town Tiles includes a variety of basics you'll need to begin creating a novel and engaging environment. Created by Sherman3D, Steampunk Town Tiles is a fantastic new tile pack for your growing library of RPG Maker MV resources.

### FEATURES:

- Basics needed to create a Steampunk-inspired town.
- Sample project with ideas on how to use the material.
- Bonus: Character (Verne) with walking sprite and side-view battler.

- 
- Created and optimized for RPG Maker MV.

Degica

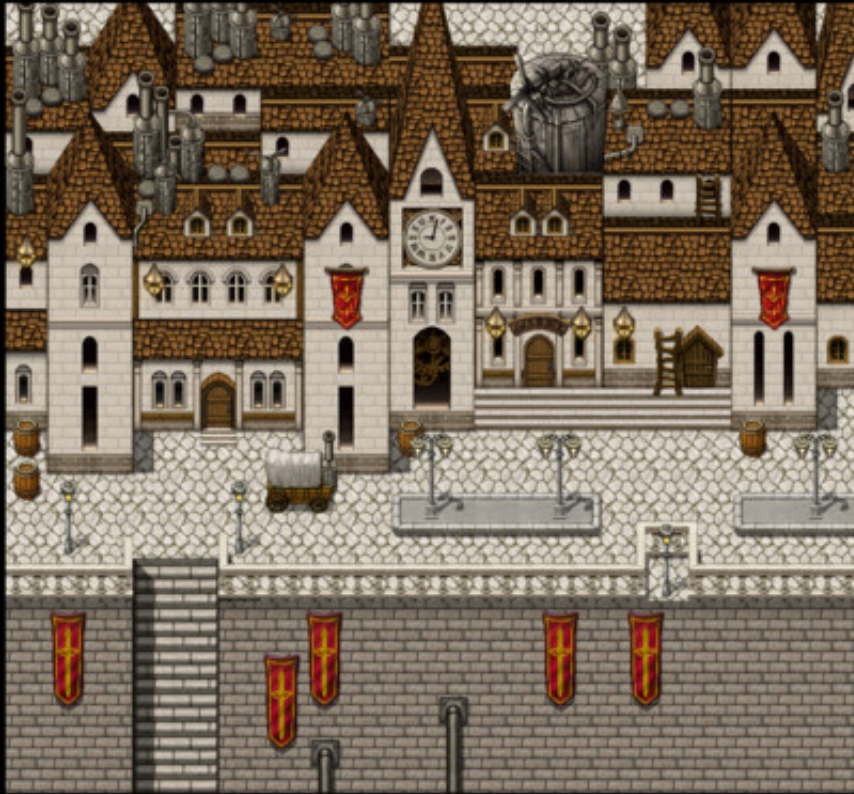

Franchise:

Maker

Release Date: 14 Jun, 2018

a09c17d780

English,French,Italian,German,Russian,Japanese,Korean,Traditional Chinese,Arabic,Simplified Chinese

---

This came with a few neat tiles and doodads, as well as a steampunk character and SV battler. However, I expected a lot more than what was in the DLC, there were hardly any tiles. I would recommend this fully if it was \$5 instead of \$10, but for 10 dollars I was expecting much more.
